

Faith UNwrapped for All Ages

While expanding our Religious Education Program to include weekly sessions for youth of elementary school age, we at St. John Neumann find it is vital to include a **Whole Community Catechesis** approach as part of our Faith Formation program. We have named this portion of our program **Faith UNwrapped**. The most exciting thing about **Faith UNwrapped** is that it is for everyone, *for all ages*.

For children the exciting thing is that they are learning about and growing in faith together with the whole parish community. Each child has very special sponsors, their own parent(s). Adults have the support of others as they deepen their relationship with Christ.
